

Eagle Snapshot

2021

Aug. 10

Welcome Back Eagles!

We wanted to say a heartfelt welcome back to all of our returning students and a “welcome to our school!” to all of our new students. We couldn’t be happier to have all of our students back on campus. We recognize we are still under different than normal circumstances, however, it is our ability to adjust and push through that keeps us learning, growing, and becoming the best version of ourselves.

Air Quality

It appears to be that time of year where we begin to see smoke from fires across California. This past week was a good example of being exposed to the smoke. Please know that LUSD utilizes the web site ValleyAir.org to identify the current air quality in our area. ValleyAir.org identifies the air quality on a scale of 1-5 and as a district and school we monitor the air quality in terms of whether or not to hold activities indoors. If we remain on level 3 or below we will allow outdoor activities, however, we ask any students who may be sensitive to poor quality to stay indoors. Please communicate with your teacher if this is your wish. To visit their site click on <https://www.valleyair.org/Home.htm>.
